Products and claims to be filed:

Restorogenic PM™

Evening Muscle Recovery Formula

RestorogenicPM™ is designed to maximize recovery potential and help you achieve maximum results in the shortest time possible. Science has shown that the majority of the body's muscle building and recovery occurs during sleep. It is very important to get proper sleep and nutrition as a top athlete or bodybuilder. This scientifically balanced formulation provides very specific ratios of key vitamins and minerals necessary for muscle building and recovery. Also, this formulation contains a purified form of melatonin, a naturally occurring hormone and a powerful antioxidant, that helps promote restful sleep patterns. You will feel the difference in your body and mental state every morning.*

I hereby certify that the information contained in the above notices is complete and accurate, and that The Daily Wellness Company has substantiation that these statements are truthful and not misleading.

Sincerely,

Aileen Trant, Ph.D.
Vice President, Research & Development
